If the dog has event information prior to 1986 it is most likely not available online. Because the fee is a research fee, if you order an Awards Record for a dog that has a competition history prior to 1986, it may not be included and you will be charged for the research of the report, even if there are no competition results available online for the selected dog.

This report lists only events where your dog earned a requirement towards a title, such as points or a qualifying score.

Please note: This is an online only report and will not be mailed, e-mailed or otherwise sent to you. Please view and print the sample to determine if this report will print satisfactorily on your computer. AKC cannot assist you with printing-related issues. For a permanent copy, save the report to your hard drive. We do not issue refunds for printing problems.

Information about dogs whelped before 1980 and awards/results records for events held before 1986 may not be available in our online database and reports encompassing records prior to this date may include partial or no information. However, information about all AKC-registered dogs and all AKC-licensed and member events is maintained in our permanent archives. There are currently no reports available online or elsewhere that contain this information.
