Each entry will be inspected for lameness, fitness to compete, and females in season as well as measuring for determining the handicap. If in the opinion of the inspection committee, any entry found to be lame, unfit to safely compete, or a female in season, that dog shall not be allowed to enter and entry fees shall be refunded. There may be a short briefing with instructions and announcements before we begin. We will be moving things along as efficiently as possible to avoid a backup and long wait times.

Introducing the Fast CAT

The Fast CAT Test is a timed 100 yard dash for dogs. It is meant to be fun and healthy activity of interest to any dog owner. Fast CAT is a timed straight race of 100 yards and dogs run singularly. The dog's time to complete the 100 yard dash is converted into MPHs.

HOW IT WORKS

A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:

- 
- 18" or greater = handicap is 1.0
 - 12" up to less than 18" = handicap is 1.5
 - Below 12" = handicap is 2.0

Points and TITLES - Points = MPH multiplied by the dog's handicap. Fast CAT titles suffix titles are earned at designated milestones:

- 
- BCAT = 150 points
 - DCAT = 500 points
 - FCAT = 1,000 points
 - FCAT# = every additional 500 points
- Dogs will start up 10 feet behind the starting line.

Prior to moving the lure to position it for the start, the lure operator shall announce "hold your dogs" in order to caution owners.

Timing: The time to complete the 100 yard dash is recorded to the nearest 1/100th of a second (e.g. 9.11). GTCAHC will use electronic timing equipment. We will be using hand held timers in the event the electric timing malfunctions.

A light blue colored Ribbon will be awarded for each qualifying run

ADDITIONAL NOTICES

- you will be required to have a parking pass to park near the FastCAT area. These will be emailed out prior to the event
